

# Shape Matching Card Game

Print these two pages on cardstock if possible.  
Carefully cut the cards with scissors.

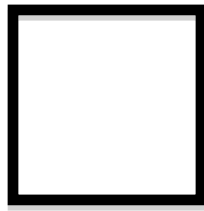

For beginner shapes, print only the first page. For a bigger challenge, print more than one copy of each page and let your child color shape pairs different colors.

## Game Instructions:

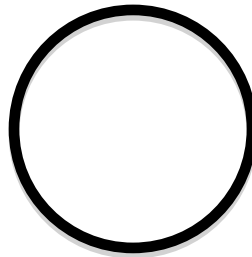

Shuffle the cards. Place the cards face down on a table or floor, arranging them in evenly numbered rows. Players take turns turning over two cards. If the cards don't match, the player turns the cards back down in their same position, and the next player takes a turn. When a matching pair of cards is turned over, the player keeps the cards and gets to turn over two more cards. The player with the most correct pairs at the end of the game wins!
